- Warranty: Limited Warranty is valid for 3 years, covering parts and labor and excludes the tubes which are covered separately by the tube manufacturer for 45 days.
- Payment Terms: 50% downpayment on order. Note that your order will only be placed upon receipt of the downpayment. The remaining balance of 50% is due one week before shipment date.
- Important New Changes to the price sheet:
 - Chassis are offered in 2 standard colors, “Gloss Black” or “Dark Grey”. Custom automotive colors are available for an extra 10% upcharge above MSRP.
 - Front and rear panels are offered in standard “Piano Black”. Custom automotive colors are available only when ordered in conjunction with custom chassis color. An additional £750. cost will be added above the 10% chassis customization charge.
 - Customization: Chassis of our amps are painted with the finest automotive finishes, it is the obligation of the dealer to provide us with the exact color code of a specific car manufacturer, model and production year. It is the dealer’s responsibility to finalize the color code with their client. Almost any automotive paint code can be chosen, Viva and High End by Oz are not responsible for slight production variance in the shade of a custom color. All painting is done on a bespoke, one-off basis and within EU standards.
 - Speakers are offered in 2 standard colors “Black Matte and White Matte”, but also can be custom painted at an extra upcharge of 15%. Nuda’s frame comes in a high gloss “Piano Black” finish in standard configuration but can be ordered in a variety of colors and veneers for an additional charge which will be quoted separately.
 - MASTER HORN SYSTEM: As a bespoke horn speaker system including amplification, finish choices will be discussed and finalized during the commissioning process and are included in MSRP (small exceptions apply)

Lead Times: All our products are hand-crafted, built-to-order and customized to the buyers specifications. We usually require our lead time of 4-6 weeks for standard colors and 6-12 weeks for custom painted products, which includes a mandatory 2-we
